Cedar Group provides financial solutions ranging from debt management to financial loan security and credit risk assessment.

With a 35-year history in business, Cedar Group has the ability and expertise to satisfy a range of client needs from finance, risk management, and security tools to assistance with legal documentation.

Based in Dunedin and a New Zealand owned company, Cedar Group grew out of Cedar Credit whose directors saw the need for a full service agency designed to reduce risk and loss for companies who deal with sales and contractually binding agreements.

We enable you to develop meaningful business relationships with your end customer to ensure good follow through and positive results.

OUR CORE BELIEFS

- ✓ **Going the Extra Mile**
- ✓ **Solving Problems**
- ✓ **Nurturing Business Growth**
- ✓ **Cultivating Better Business Decisions**

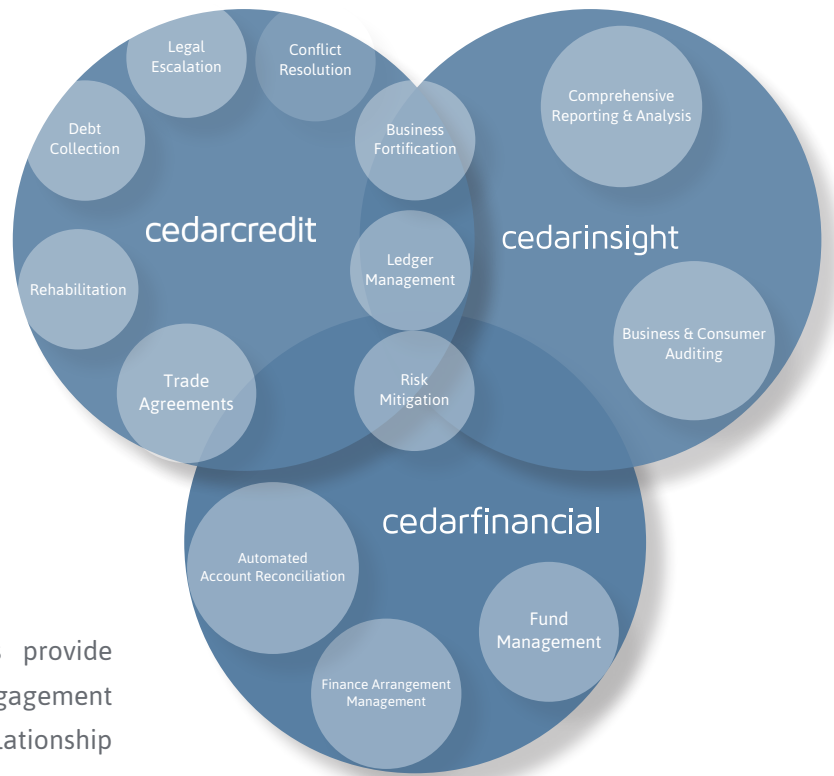

WHAT SETS US APART

Operating holistically, Cedar Group divisions provide certainty and balance from the initial engagement with your customer through the process of relationship development and maturity, putting in place infrastructure and mechanisms to foster and protect your business relationships with your customers.

Cedar Group thinks differently. We set out to find a way to help people manage their businesses, and to manage their debtors in an easy, non-linear way.

By providing a suite of services that blend holistically, we can put our client's at ease in the knowledge that their risk is mitigated, and the end customer is being treated with respect and a mutually beneficial business relationship is being fostered. We work with our clients' customers to achieve debt reconciliation.

We believe that there is always one more thing we can do to provide a better service, better communication, more transparency and reduce risk. With our feet firmly grounded in credit management we have been able to expand, by identifying gaps in current industry practices.

Cedar Credit has a focus on debt recovery and management on your behalf. Cedar credit offers a full suite of financial management and legal documentation services. Its primary mandate is mediation with end customers to manage mutually beneficial outcomes for business and end customer alike.

Cedar Financial is a trusted financial solutions management company, providing a professional Intermedial secretarial service. Cedar Financial provides a framework for businesses to advance sales of products and services on finance arrangement, with management of the arrangement in the hands of Cedar Financial. A registered Financial services provider.

Cedar Insight utilises an extensive data network that delivers a high value credit reporting service to New Zealand businesses. Specialising in risk mitigation by way of comprehensive credit checking and evaluation, Cedar insight provides certainty when evaluating risk potential. This service is offered in a real-time no-wait interface.
